Engineered Specifically for Your Mercedes: Each Forged Monoblok wheel is precisely engineered as a model-specific fitment with the perfect offset and hub-centricity for your Mercedes. Direct bolt-in factory TPMS and the ability to utilize factory caps and lug hardware complete the package.

High-Strength Forged 6061-T6 Aluminum: Monoblok wheels are crafted from 100% forged 6061 heat-treated, aerospace grade aluminum. This enables HRE engineers to achieve low inertia weight and maximum strength; critical for ensuring enhanced performance for your Mercedes.

Your Choice of Finishes: The Monoblok Series for Mercedes offers a choice between two standard finishes to match your unique style. Choose from HRE's famous Brushed Aluminum with clear coat or Chrome. Call for custom options such as powdercoat or custom colors.
