

ABT GOLF V, GOLF V VARIANT, GOLF V GTI

ABT[®]

ABT BR sports wheel.
Diamond-machined or high-gloss polished, with optional concealed valves, weight optimized and providing perfect handling.

THE ABT GOLF VS4.

**THREE DECADES. 1,000 IDEAS. ONE OBJECTIVE:
UNENDING DRIVING PLEASURE.**

Right from its birth year – 1974 – the first Golf was on display in the ABT showrooms – and from the very beginning it was one of the Kempten-based tuners' declared favorites. Since then, the ABT technicians and designers have not only developed – believe it or not – more than 1,000 ideas for Germany's best-selling car. They have also developed a very special passion for the Golf and this passion is tangible and visible even in the latest generation of the ABT-tuned best-seller from Wolfsburg: Up to 370 hp, perfect road holding, elegant, dynamic optics and much more. With other words, the best possible assets on which to base at least three more decades of boundless driving pleasure.

VW GOLF V	SERIES	ABT PERFORMANCE
ABT POWER		
1.9 I TDI	66 kW (90 hp), 210 Nm	85 kW (115 hp), 280 Nm
1.9 I TDI	77 kW (105 hp), 250 Nm	96 kW (130 hp), 305 Nm
2.0 I TDI	103 kW (140 hp), 320 Nm	125 kW (170 hp), 375 Nm
2.0 I TDI	125 kW (170 hp), 350 Nm	140 kW (190 hp), 400 Nm
1.4 I TSI	125 kW (170 hp), 240 Nm	154 kW (210 hp), 290 Nm
2.0 I TFSI	147 kW (200 hp), 280 Nm	176 kW (240 hp), 330 Nm
2.0 I TFSI	169 kW (230 hp), 300 Nm	228 kW (310 hp), 420 Nm
ABT POWER S		
2.0 I TFSI	147 kW (200 hp), 280 Nm	199 kW (270 hp), 350 Nm
2.0 I TFSI	147 kW (200 hp), 280 Nm	221 kW (300 hp), 370 Nm
2.0 I TFSI	169 kW (230 hp), 300 Nm	228 kW (330 hp), 440 Nm
ABT POWER R		
3.2 I	184 kW (250 hp), 320 Nm	262 kW (370 hp), 400 Nm
ABT INTELLIGENT SPORT		
2.0 I TFSI	147 kW (200 hp), 280 Nm	176 kW (240 hp), 330 Nm

THE ABT GOLF *GTI*.

MORE AGGRESSIVE THAN EVER BEFORE.

Its model designation speaks for itself and it has been synonymous with affordable power and aggressiveness on four wheels for several generations now. The ABT tuning experts, though, are able to coax entirely new aspects out of even this almost mythical “national sports car”. With an engine power of up to 330 hp, bodywork perfectly tailored to fit the car’s muscular torso and, if desired, even with a carbon-fiber engine hood, the ABT Golf GTI makes one thing clear to every driver, observer and passenger right away: the legend lives on. And how!

ABT rear muffler. Stainless steel, with four chrome-plated exhaust pipes.

ABT AR sports wheel. Diamond-machined with exclusive finish. Optimized in weight, painted anthracite. A class of its own.

ABT front spoiler lip. Dynamic and tasteful elegance.

MORE POWER. MORE FUN. GUARANTEED.

ABT ENGINE TECHNOLOGY

The requirement to bring out the best in every engine is part of ABT's family tradition. Whether the task in hand is chip tuning (**ABT POWER**), optimization of the motor management plus turbo charger (**ABT POWER S**) or compressor (**ABT POWER R**) – where performance upgrades are concerned we are in our element and clearly the world's number one for cars by the VW group. Thanks to the experience we have acquired in our many years of professional racing, we are aware that not only power is important, but also durability.

ABT AERODYNAMICS

If you rate extraordinary dynamics as high as individuality, then you have found the perfect pit crew in the ABT team. Our designers, engineers, technicians and model makers work hand in hand, and the result is definitely highly respectable: a tuning program developed by our company, from the front grill to the rear wing, which we can use to transform your series production vehicle into an impressive character performer.

ABT EXHAUST TECHNOLOGY

Impressive power is turned into optical and acoustical enjoyment: Thanks to extensive development work and double-walled stainless steel design, ABT exhaust systems and rear mufflers always put on an impeccable performance.

ABT SUSPENSIONS

It is only the right suspension that makes higher engine power pure pleasure. Also in this field we bring our entire racing experience and hence absolute cutting-edge technology onto the road. ABT suspension springs lower the vehicle and provide for dynamic looks and more stable road holding. In addition, ABT adjustable sport suspensions can be adjusted in height and, depending on the version, also in rebound and compression. The new highlight is the revolutionary ABT ISC suspension (Intelligent Suspension Control). The ISC shock absorbers automatically identify the current road conditions and adjust within split-seconds to your individual driving style.

ABT BRAKES

Driving in a sporty way is great fun but only if you know for sure that any time you want you can bring your car to an immediate standstill. ABT steel-flex brake lines are tested constantly under severe conditions and therefore provide this feeling of certainty. With an ideal pressure point, excellent regulable application and an optimal braking distance – but with significantly less fading, in other words: no decrease in braking power under long-term stress. Thus, ABT brake systems bring everything reliably to a standstill. Except, of course, your driving pleasure.

ABT SPORTS WHEELS

Elegant or dynamic, modern or classical, silver or titanium – but always professionally balanced down to the last detail as far as weight and handling are concerned – ABT sports wheels perfectly round off the individual performance of your car. After all, they clearly show at a glance that they conform with the highest of demands both on the road and on the racing track and that they do not only look good but also want to be driven.
